

Introducing Customer Referral Promotion!

Reduce your monthly internet bill!

Dear Wavelinc Customer,

I wanted to take a moment to tell you about special new program that could help you reduce your monthly internet bill. Starting November 13th 2016 and continuing through March 31 2017, we will give a \$50 credit to your Wavelinc bill for each new customer that signs up for service and mentions that you had referred them during signup. There is no limit to the number of customers you can refer. Only one customer can claim the referral credit for each person signed up. This is just one way that we want to thank you for telling people about how much you like your internet service from Wavelinc. This is exciting news and I hope that you will have a wonderful rest of your day!

-Kurt Fankhauser
